

Section: Tuition

Policy Number: 3-4

Policy Name: Graduate Tuition 4+1 students

Date: March 1, 2014

Revisions:

I. **PURPOSE**

Effective with the 2013-14 academic year, University of Delaware graduate students will be billed by the credit, as approved by the Board of Trustees. College of Engineering students enrolled in a 4+1 program often must enroll in >9 credits per semester in the final year to complete the program. This policy will establish the amount of scholarship granted to students enrolled in 4+1 programs in the 5th year to moderate student costs.

II. **POLICY**

The College of Engineering will provide partial tuition scholarships to eligible Graduate Students enrolled in 4+1 programs during their 5th (+1) year. The scholarship (reduced tuition costs to the student) will cap their costs at the 9 credit rate.

III. **ELIGIBILITY**

Students must enroll in the 4+1 program by the Junior year of undergrad matriculation. Students must be considered, and listed in UDSIS as, graduate students in year 5 of the program.

IV. **IMPLEMENTATION**

Scholarship will be provided only for the 5th year and is limited to a maximum of 3 credits per semester for 2 semesters.
